

Announcement

Panolam Surface Systems is pleased to announce Lancashire Distribution as our new Pionite Distribution Partner in Saskatchewan.

With Lancashire already holding distribution with our Pionite , Panolam products in Alberta and Panolam products in Saskatchewan adding Pionite to their line completes the portfolio of The Panolam Surface System.

Under the Panolam Surface Systems umbrella Lancashire will be able to offer their cliental the full synergy of our integrated surface solutions. This includes the following product lines.

With Lancashire’s broad distribution network across the Prairies this Partnership will indeed offer their customer base a full service line of surface products and design.

We look forward to continuing the long standing relationship with Lancashire Distribution and the growth in the years to come.

Best Regards

Keifer Annesley | Western Canadian Territory Manager
